

All 5th, 6th, 7th, and 8th grade athletes for the 2011-2012 school year must have a completed Florida High School Athletic Association medical form filled out by a physician in order to try out and compete for any and all school sport seasons.

Students whose forms were completed in April, 2011, are already eligible for the coming school year. Students with medical forms completed before April, 2011, will need to have a new form completed.

The correct Florida High School Athletic Association form can be found on Edline under "Forms", then "Consent Form for Sports". It is entitled "Preparticipation Physical Evaluation". Thank you very much, and have a great summer.

Mr. Lenny LoVerde  
Athletic Director
